Education

Bachelor of Technology in Computer Science

Amal Jyothi College of Engineering (Autonomous)

Expected Graduation: 2029 | CGPA: 8.74

Technical Skills

- **Programming Languages:** C, C++, Python, Java, JavaScript
- **Web Technologies:** HTML5, CSS3, React, Next.js, Tailwind CSS
- **Databases:** MySQL
- **Tools:** Git, GitHub, Visual Studio Code

Projects

Home Help Connect

- A responsive web application connecting households with service providers.
- Features include user registration, searching, filtering, and a clean user interface.
- *Technologies:* HTML, CSS, JavaScript, Local Storage.
- *Live Demo:* homehelpconnect.vercel.app (<https://homehelpconnect.vercel.app/>)

Farm Connect

- A web platform designed to connect farmers with customers and improve accessibility to agricultural products and services.
- Focuses on responsive design, usability, and clean frontend development.
- *Technologies:* HTML, CSS, JavaScript.

Experience & Objectives

I am currently pursuing a B.Tech in Computer Science and am actively seeking internship opportunities in Software Development and Web Development. I enjoy solving programming challenges, collaborating with teams, and continuously learning new technologies to build impactful software.
